KRIDER'S NARCISSI

3 for 25c—12 for 60c—25 for \$1.00

Plant these graceful yellow flowers in clumps among the shrubbery, along the walk, as borders, or against the house foundation. They require only a fairly good garden soil.

**GRAPE HYACINTH
GRAPE HYACINTHS
(Muscari)**

After Crocus come these little flowers of clear blue, looking like miniature inverted bunches of grapes. Will grow in sun or shade, in beds, borders or rockery, or in the lawn under the trees. Plant 3 or 4 inches deep.
5c each, 10 for 35c, 25 for 60c
100 for \$1.85

CROCUS

CROCUS

We offer four bright colors of Crocus in blue, yellow, white, and white with lilac stripes. These little bulbs are among the first flowers to blossom, often before the late snows are gone. Plant in clusters around shrubs, trees, or in the lawn, and they will come up year after year.
6 for 25c—12 for 40c—50 for \$1.50

NARCISSI

Remember we include 6 Fantasy bulbs FREE with each order for any 100 bulbs except mixed tulips

Plant Nothing But The Best Nursery Stock

No matter what you plant, whether it's trees, shrubs, vines or fruit trees or berries, always remember there is one thing necessary for success. Because no matter how much you pay; no matter how much you water, fertilize, hoe or cultivate; no matter how much you prune or spray—to grow plants you must plant quality stock to begin with. Be safe and buy from Krider.

Extra Krider Service at No Additional Cost

Remember, if you order from Krider we send full and complete planting and trimming instructions with each order.

This is a service which makes it easy for even a novice to grow beautiful plants and flowers.

Order From Krider

Krider's Gilt Edged Guarantee

We guarantee to deliver nursery stock anywhere in good growing condition AND WILL REPLACE FREE OF CHARGE any that fails to grow, if you think it was the fault of the stock in any way. This guarantee insures you against loss. The only condition being; should any nursery stock purchased from us fail to live and grow such losses MUST be reported not later than July 1, 1938. Remember, a plant is a living thing the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks of insects, diseases, and drought. Therefore after that date we can no longer be responsible for losses. We guarantee that each plant, shrub, and tree shall be true to name, otherwise we will replace free of charge or refund purchase price of any proven not to be so.

We guarantee that each plant, shrub, and tree shall be of a size and quality as shown in this catalog and that it will reach customer in good growing condition. We will replace any stock not in condition when it reaches you. (Note—if stock is damaged, please favor us by getting agent to sign receipt to the effect—this will enable us to collect damages.)

You will find us at all times willing to do anything we can to please you. With us the customer is always right. However, it is mutually agreed between ourselves and customer that we cannot be held liable for any amount greater than the original purchase price.

Why It Pays to Order by Mail From Krider

Our experienced help in growing and propagating insures strong plants with well developed root systems that cannot fail to produce for you.

Our methods and facilities insure the stock planted, grown, dug, packed, and shipped according to the latest approved methods, to reach you in the best growing condition.

Our stock is guaranteed to grow or we replace free, and you have a nursery with 42 years of service to back this up.

Our complete line of nursery stock offers you a wider variety to select from than you can usually get at home. We grow our stock on our nursery of 420 acres. This enables us to give you freshly dug plants full of pep and vigor.

5 Reasons Why Krider's Plants Are Better

1st—We grow in large quantities and have over 300 acres of growing nursery stock. We ship to thousands of customers all over the world.

2nd—The different soils we have here are adapted to the growing of many different varieties so that we can grow a larger variety at a lower cost of production than is elsewhere the case.

3rd—Our Northern Indiana climate produces a strong, sturdy plant which cannot be bettered anywhere in the United States.

4th—Our methods and facilities insure the stock planted, grown, dug, packed, and shipped according to the latest approved methods.

5th—Besides state and government inspection, our own rigid inspection of each plant that leaves this nursery has made Krider stock world-famous.

BARGAIN OFFER NO. 8

MAITHA WASHINGTON ASPARAGUS

The first garden vegetable of spring, a great delicacy, comes in just when it is most needed. One hundred roots will supply a small family, and will last for years. Set about 18 inches apart in the row. Spread roots out in bottom of hole or furrow and fill in as plant grows, so that roots will be about 4 inches deep.

12 for 50c 50 for \$1.00

BARGAIN OFFER NO. 9

GIANT RHUBARB, MILLER'S CREAM

For many years on old market gardener had the early trade of Elkhart on pie plant; he had the largest, earliest and the best flavored pie plant that came to the city. Pies made from it had the flavor of peaches. Since his death we have succeeded in obtaining the entire stock. We are offering this to our customers at the same price as the common kind, and will give \$25.00 for a dozen stalks that will excel in size, season and quality.

RADIANCE ROSE COLLECTION

- 1 Red Radiance.
- 1 Pink Radiance.
- 1 Salmon Radiance.

3 Outstanding Roses, 2-yr. Field Grown For Only **\$1.00** Post 35c Each paid

SUNBURST—A top-ranking yellow rose with long pointed buds of exquisite texture. Rich bronze-yellow flower colorings and delightful fragrance.

LADY HILLINGDON—The beautiful ever popular apricot-yellow Tea Rose.

HENRY NEVARD—A newer introduction to the hardy roses. A large flower of crimson-scarlet color.

MARGARET MCGREDY—Large beautifully shaped, full double flowers. Entirely distinct from any other rose in its rich coloring, a brilliant shade of Turkish or Oriental red. The blossoms borne on long stiff stems hold their form and beauty for a long time.

PAUL NEYRON—One of the best for outdoor culture—probably the largest rose in commerce. The flowers are often six inches in diameter. Fragrant clear-pink blossoms shading to rose. A vigorous, hardy plant.

FRAU KARL DRUSCHKI (or White American Beauty)—A white rose without a fault. A vigorous grower producing very large blossoms.

SOUV. DE CL. PERNET—The old standby for a good yellow rose. Large yellow buds on strong stems. A hardy grower and heavy bloomer.

DR. VAN FLEET—Blossoms extra large, resembling Tea Roses in shape and size. Delicate flesh pink. Good cutting variety.

PAUL'S SCARLET—A good climbing variety, combining vigorous growth and hardiness with large brilliant scarlet flowers.

EVERBLOOMING CRIMSON RAMBLER—One of the most popular of the climbers.

CRIMSON RAMBLER—One of the most popular of the climbers. A rapid grower.

Perfectly hardy, producing rich clusters of vivid crimson flowers.

PAUL'S SCARLET

BEST CLIMBER COLLECTION

CLIMBING AMER. BEAUTY—The old favorite climbing rose. A vigorous grower, producing large flowers of good red color.

SCORCHER—A superb new climber. Large semi-single bloom of scorching red. In addition to heavy bloom in June, you can expect occasional blooms all through the summer.

PRIMROSE—A pure yellow, hardy climbing Rose. Its large double flowers are a soft, rich primrose-yellow, borne in clusters of 4 and 5 on an extremely vigorous plant.

2-yr. Field Grown
50c Each—3 for \$1.25

Remember, Our Stock is Guaranteed to Grow--See Page 2. Planting instructions Accompany Each Order.

Krider's Choicest Evergreens

PLEASE NOTE: All of our evergreens are carefully dug to get all the tender rootlets. All soil removed. The roots are then puddled (dipped in mud) and wrapped in moss and burlap. This method of packing eliminates 50 to 60 lbs of soil, saves the vital roots, insures better growth and makes possible low cost express shipments.

JUNIPERS

PFITZERIANA (Pfitzer Juniper)—A graceful, broad, pyramidal evergreen with sweeping fronds of gray-green foliage, making in time a distinctive, beautiful tree. 18 to 24 in., \$2.50.

GLAUCA (Blue Cedar)—Similar to Red Cedar in form and of a soft, blue green color; closely columnar. 18 to 24-inch, \$1.50; 2 to 3' \$2.50.

HIBERNICA (Irish Juniper)—Of slender columnar habit with glaucous green foliage. Useful for formal plantings. 18 to 24 inch, \$1.00; 2' to 3', \$2.00.

VIRGINIA CANNARTI (Cannart's Red Cedar)—Tall, pyramidal grower with deep rich, green foliage. Hardy 2 to 3 ft., \$2.00.

EXCELSA STRICTA (Greek Juniper)—Next to Pfitzers, more used than any other. Dwarf forming a symmetrical cone with silvery foliage. Hardy 18 to 24 in., \$1.50.

SPRUCES

COLORADO BLUE (*Picea pungens glauca*)—This species has been tested at various points on the prairies West and Northwest with perfect success, enduring a temperature of 30 degrees below zero in exposed situations, entirely uninjured. This is not only one of the hardiest, but the most beautiful in color and outline; of a rich blue or sage color; it is a valuable acquisition. 2 ft., \$2.00; 3 ft., \$4.00.

BLUE SPRUCE SHINERS—The bluest of Blue Spruces, this the most remarkable and conspicuous of all the conifers for ornamental planting. Being all symmetrical and shapely, its ideal purpose is as a specimen when owing to its magnificent, vivid bluish coloring it constantly attracts attention wherever it is planted. 2 ft., \$2.50; 3 ft., \$5.00

NORWAY—A lofty elegant tree of perfect pyramidal habit, remarkably elegant and rich, and is it gets age, has fine, graceful, pendulous branches; it is exceedingly picturesque and beautiful. Very popular and deservedly so. One of the best evergreens for hedge and windbreaks. 2 ft., 50c; 3 ft. \$1.00

ARBOR VITAE

PYRAMIDAL—For either foundation group or garden planting. Retains the lovely flat bright green foliage of the American Arbor Vitae at all seasons. Grows close and compact and develops naturally into perfect pyramidal form. 18 to 24 in., 75c; 2 to 3 ft., \$1.50.

GLOBOSA—Grows densely into dwarf globular shape without shearing. Foliage is at and deep dark green. Branches possess unusual delicacy. 12 to 18 in., \$1; 18 to 24 in., \$1.75.

RETINISPORA

(Plumed Cypress)—One of the most popular of the evergreens and suitable for almost any situation. It has soft, plumelike, green foliage, and its color forms a beautiful contrast to the green grass and surrounding evergreens. 18 to 24 in., \$1.50; 2 to 3 ft., \$2.00.

CONCOLOR FIR

(White Fir)—Compact symmetrical form; foliage part green, silvery beneath. Withstands heat, cold, drought. 2 to 3 ft., \$3.00; 12 to 18 in., \$1.50.

HEMLOCK

(*Tsuga Canadensis*)—The finest evergreen for heavy shade and both beautiful and dependable wherever used. Its lace-like foliage is close-set and darkly lustrous, growing in rather flat fronds which droop gracefully. Best known as a moderate grower, withstands severe pruning, and is consequently used much at corners, as foundation screens or in formally sheared high hedges.

Mailing size, 50c; 2 to 3 ft., \$2.50.

TAXUS OR JAPANESE YEW

TAXUS CUSPIDATA (Japanese Yew)—Upright spreading variety; dark green foliage, scarlet berries in autumn. The one Evergreen that will grow in any location. Especially good for shade. Mailing size, \$1.00; 15 to 18 in., \$1.50; 18 to 24 in., \$2.50.

TAXUS CAPITATA—Grows more upright than Cuspidata in a beautiful columnar form. Sheared for specimens or for formal effect.

Mailing Size \$1.00; 18 to 24 in., \$2.50;
2 to 3 ft., \$3.50

WE CAN FURNISH ALL VARIETIES OF EVERGREENS IN MAILING SIZES FOR 25c EACH, POSTPAID, UNLESS NOTED OTHERWISE

MAHONIA

OREGON GRAPE—A hardy evergreen shrub having holly-like leaves. Can be used in evergreen and shrubbery planting and will do well in partial shade. 12 to 18 in., \$1; 18 to 24 in., \$2

DOUGLAS FIR

One of the finest of all specimen evergreen. Resembles Blue Spruce. Add this one to your selection. 18 to 24 in., \$1.00; 2 to 3 ft., \$2.00; 3 to 4 ft., \$3.00.

FISH TAIL JUNIPER

MEYER—The most beautiful of all blue evergreens. Spreading habit. Grows to 4 feet high. Unusual in form and beauty. New. 12 to 15 in., \$1.50

And Each a No. 1, 2-year
Field Grown, Budded Plant

One each of the **\$4.50** Post-
12 for Only paid

No finer roses grow than those contained in this famous All American collection. Each has proved itself worthy of being included. They have proven themselves able to withstand wintery blasts at below zero temperatures, or scorching winds on drought seared plains, and still give abundant bloom.

The entire spectrum of rose colorings is run in this collection. To those who want to plant a dozen roses and want the best, we say, "ORDER THIS GROUP." To those who want to add a dozen roses to their present rose garden, we suggest the All American Collection as a fitting addition to any planting.

If you do not want the entire dozen, you may select

Hardy Flowering Shrubs for Grace and Beauty

6

PHIL. CORONARIUS

MOCK ORANGE

VIRGINAL—Blossoms throughout the season. This is a new and wonderful addition to the Mock Orange family but is far beyond anything in this line that has been brought out in the past. It is without question one of the most beautiful shrubs and once it becomes known will be planted on every home ground. Because of its being new the supply of this variety is scarce and high priced, but we are going to offer these at the following low prices as long as our supply of this shrub lasts.

2-yr., 2 to 3 ft., 35c Each; 3 for \$1.00
CORONARIUS (Mock Orange)—A tall vigorous bush. Abundant dark green foliage. Does well in shady places. Fine for cutting.
 18 to 24 in., 25c Each; 3 for 50c
 4-yr., 3 to 4 ft., 35c; 3 for \$1.00

GOLDEN MOCK ORANGE

Dwarf Shrub with yellow foliage make a striking contrast with shrubs or evergreens. Fragrant white flowers in June.
 Strong 2-yr. plants, 35c each

WEIGELAS

FLORIBUNDA—The everblooming red Weigela floribunda surpasses everything in a red-flowering shrub. Much harder than Eva Rathke and a better red flower. The flowers commence blooming early in the spring and bloom profusely all summer long. The leaves are glossy green. Every customer should find a place for several of these beautiful shrubs in their border plantings.

2-yr., 18-24 in., 50c Each; 3 for \$1.00
ROSEA—One of the finest of the family, tall growing and vigorous with deep pink flowers. They blossom in profusion in June and show some flowers throughout the season. 2 to 3 ft., 35c; 3 for \$1.00

SPIREA van HOUTTEI

BEAUTIFUL SPIREAS

VAN HOUTTEI—Without doubt, the finest of all Spireas, and one of the most useful shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. A very beautiful sight on the lawn that can be massed or planted alone.

35c Each; 3 for \$1.00

ARGUTA—One of the finest of early flowering shrubs. Blooms with the coming of the leaves, a mass of small white flowers. Foliage is cut-leaved and very pleasing in appearance.

SWEET SCENTED SHRUB

CALYCANTHUS—Flower purple, double, deliciously scented. Remains in bloom a long time. An old favorite in all gardens and much prized for its spicy aroma.

18 to 24 in., 25c; 3 for 50c

FIRE BUSH

CYDONIA JAPONICA—Very early in the spring this fine attractive shrub is completely covered with dazzling scarlet flowers which are followed by small fragrant quince-shaped fruits. Foliage is dark glossy green. Very desirable for either single specimens or hedges, getting its name "Fire Bush" from the intense scarlet flowers which cover it.

2-yr., 18-24 in. 50c;
 3 for \$1.25

 VALUE ONLY— \$1.29

BARBERRY, RED LEAF

Similar to B. Thunbergi in all respects except that the foliage is of a bronzy red color which turns to fiery red in autumn. Plant in full sun for best results. For hedge size see page 18.

12 to 18 in., 35c; 3 for \$1.00

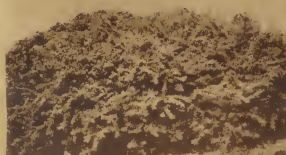

BARBERRY, GREEN

No shrub in existence is so generally planted and has so many practical purposes as Japanese Barberry. It hasn't one serious fault, and can be grown semi-shady, moist, dry or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with the most luxuriant deep green foliage in summer and beautiful bright red berries all winter; are the most attractive sight imaginable. For hedge see page 18.

Large 18 to 24 in., 35c Each; 5 for \$1

RED-LEAVED BARBERRY

BUSH HONEYSUCKLE

BUSH HONEYSUCKLE

For a tall hedge to screen an unsightly view there is no shrub so valuable, as it will grow from 10 to 12 feet high in a few years. Besides it is a beautiful thing both summer and winter, as it is the first shrub to clothe itself with leaves in the spring. Its light crimson flowers and luxuriant foliage are a delight in summer and the thousands of bright berries give a charming touch of color to the winter landscape.

2-yr., 18 to 24 in., 25c; 3 for 50
 3 to 4 ft., 35c Each; 3 for \$1.00

Krider's Choicest Hardy Shrubs

7

SNOWBALLS — VIBURNUM

DENTATUM (Arrow-wood). Bright green, heart-shaped leaves that turn to red and purple. The flowers, borne in May and June, are creamy white. Grows from 8 to 12 feet.
2-yr., 2 to 3 ft., 35c ea., 3 for \$1.00

CARLESI (Mayflower Viburnum). A truly wonderful new medium sized shrub from Korea, prized for its exquisite fragrance, similar to that of the Trailing Arbutus. The waxy flower clusters, pink in bud, pure white when open, appear early in the spring. It thrives under most unusual conditions, but does best in partial shade and cool, moist soil. A charming plant for the foreground of the border or in planting about the house.
2-yr., 15 to 18 in., 75c ea., 3 for \$2.00

OPULUS STERILE (Common Snowball). A fine shrub, 8 to 10 feet tall, bearing globes of snowy white flowers in May. One of the old garden favorites.
2-yr., 2 to 3 ft., 35c ea., 3 for \$1.00

OPULUS (High Bush Cranberry). Handsome native shrub attaining 12 feet with rather smooth, light branches and stems. The pure white flowers appear in May and June, followed by decorative fruits, which begin to color by the end of July and remain on the branches and keep their bright scarlet color until the following spring. Berries are not eaten by birds.
2-yr., 2 to 3 ft., 35c ea., 3 for \$1.00

VIBURNUM CARLESI

TAMARIX AFRICANA

These large shrubs have foliage resembling asparagus leaves, and they have a drooping, feathery appearance. Pink flowers in great profusion are borne in early summer, giving a charming effect. Does well on any ground.
2 to 3 ft., 35c each, 3 for \$1.00

KOREAN SPIREA

KOREAN SPIREA

This handsome new shrub was discovered in Korea, and has been acclaimed the best of all the Spiraea. A splendid healthy plant, growing 4 to 6 feet tall, forming a big, dome shaped bush covered with large rounded clusters of snowy flowers marked with darker eyes. Heavy two-year,
35c each, 3 for \$1.00

FERN LEAVED SUMAC

Grows 6 to 8 ft., robust in growth with cones of bright red fruit. Leaves beautiful, like the most delicate fern. Can be cut to the ground each season and a mass of fern-like foliage will result. Will thrive any place and on the poorest soil. The leaves color to brilliant scarlet in Autumn.
2 to 3 ft., 50c each

SLENDER DEUTZIA

A dwarf shrub growing from 20 to 30 inches high. Graceful drooping branches are wreathed with pure white flowers in May. When used for borders it is beautiful. Heavy 2 ft. plants,
35c each, 3 for \$1.00

FLOWERING ALMOND

An early spring flowering shrub, in full bloom before the leaves appear with beautiful double flowers snuggling tight to the twigs. The bright pink rose-shaped flowers entirely cover the shrub. Nothing could be more gay or beautiful. 18 to 24 inch plants,
35c each, 3 for \$1.00

SMOKE TREE (Purple Fringe)

A shrub or small tree of spreading habit, covered in midsummer with a profusion of dusky, hairlike flowers that give it the appearance of mist or smoke. Foliage changes to a brilliant red and yellow in autumn. Good as a single specimen on the lawn, or to mass with tall shrubs.
2-yr., 2 to 3 feet, 50c each

FERN LEAVED SUMAC

Brilliant, Colorful Trees

PAUL'S DOUBLE SCARLET HAWTHORN

Popular low growing tree. It is hardy all through the states. In May-June covered with double scarlet flowers followed by red berries. The foliage is rich green and colors in fall to a mass of brilliance. We give this tree top rating for specimen planting.

Large 4-6 Ft. Field Grown Trees, \$1.25 Each

PURPLE LEAVED BEECH

A grafted tree of stately bearing ideal for lawn planting. An exceptionally long lived tree. Foliage a deep purple in spring, changing to crimson and to dull purplish green in fall.

3-4 Ft., \$4.00 Each

PURPLE LEAVED BIRCH

A beautiful late introduction of the ever popular Birches. A fast growing silver grey barked tree with dark purple leaves which contrast beautifully. Fine for lawn specimens.

BEAUTIFUL HEDGES FOR YOUR HOME

SPIREA VAN HOUTTEI

America's most popular shrub. Profuse clusters of tiny white blooms cover the sweeping branches in May and June. The delicately cut leaves stay bright green until autumn when they turn to shades of bronze and yellow. Tall growing but may be pruned to desired height at any time. Makes a beautiful flowering hedge.

2 year, 18 to 24 in., \$8.00 per 100,
30 for \$3.00

CHINESE ELM

Chinese Elm make a beautiful hedge when kept trimmed to the desired height. They grow rapidly and their fine foliage and dense branches make them especially desirable for large estates where dense hedge is wanted.

12 to 18 in., \$6 per 100,
30 for \$2.50

BUSH HONEYSUCKLE

Grows to a height of 8 to 10 feet with upright, somewhat spreading branches and bright green foliage. Bright pink flowers are borne freely in May and June and are followed by showy red berries which ripen in midsummer and cling to the bush for several weeks. This is the best shrub in our nursery for a high compact hedge, for a screen, or to attract birds.

2-yr., 18 to 24 in., \$8.00 per 100; 30 for \$3.00

HARDY AMOR RIVER PRIVET

—THE HEDGE SUPREME

Foliage shiny dark green, leaves medium large. Not subject to blight. Very hardy. Rapid grower. White flowers followed by tiny red berries. Plant 9 to 12 inches apart, and prune severely for a dense stocky hedge.

2-yr., 18 to 24 in., 3 canes, \$5.00 per 100

NOTE: We sell fifty of any variety of hedge at the hundred rate.

ALTHEA

(Rose of Sharon)

Tall growing flowering shrubs from 6 to 8 feet. Very desirable because they bloom in September and October. Good for individual planting or tall hedges.

2-yr., 18 to 24 in., \$8.00 per 100; 30 for \$3.00

SPECIAL EVERGREEN HEDGE

Norway Spruce. 10 to 12 in., makes a beautiful evergreen wind-break. Do not compare these trees with seedlings commonly sold for this purpose, as usually half of them will die from lack of root system. These are twice transplanted trees and sure to grow. Plant 4 to 6 feet apart. Specially priced at
10 for \$1.25, 25 for \$2.50, or \$7.50 for 100

Shipped Prepaid if You Add 10% to Cover Shipping Charges

WE SEND FREE PLANTING INSTRUCTIONS WITH EVERY ORDER

HOW TO PLANT A HEDGE

Dig a trench ten to twelve inches deep and as wide as an ordinary spade. The plants should then be set in a straight row a couple of inches deeper than they stood in the nursery row, or deep enough so the lower branches will be under the ground. Such deep planting will make a compact hedge down to the ground line, but if the plants are set shallow there will always be undesirable open spaces at the base of the hedge. Privet should be set about ten inches apart, or if real dense hedge is desired it can be planted in a double row, planted eight inches apart either way. Privet should be cut back to about eight inches in height after planting, to promote vigorous growth. Barberry should be planted in a similar manner, except they should be planted about eighteen inches apart.

AMOR RIVER PRIVET

GREEN JAPANESE BARBERRY

America's Most Popular Hedge

Most commonly used low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in fall. Bright berries in great numbers stay on through winter. Perfectly hardy, grows on poor soils. May be pruned any time.

9 to 12 in. \$3.00 per 100;
30 for \$1.00

RED-LEAF JAPANESE BARBERRY

Popular for grouping and for edging taller plantings and evergreens. Glossy purplish maroon leaves. Makes a brilliant, colorful hedge.

9 to 12 in., \$10.00 per 100,
30 for \$3.50

BUSH HONEYSUCKLE HEDGE

PHLOX "LILLIAN"

NEW PHLOX "LILLIAN"

Bids fair to become one of the most sensational new Phlox of all-time. ORIENTAL POPPIES

EXOTIC ORIENTAL POPPIES

No flower gives quite that dash of brilliance and bright charm to your garden or perennial bed that the Oriental poppy gives. They are easily grown, last for years and the newer improved varieties have color and shading beyond the power of words to describe. We offer three of the best.

MRS. PERRY—Apricot, blended lilac.

LULA A. NEELEY—Immense, rich red.

WURTEMBERGIA—Unique glowing rose-salmon.

SPECIAL PRICE—30c each, 3 for 75c. Postpaid.

CHRISTMAS ROSE

Helleborus Niger. A dwarf growing, hardy plant which grows up through the snow and flowers in the dead of winter. Large single bell-like white flowers last for weeks. Leathery evergreen foliage. Price, Each 95c.

ASCLEPIAS TUBEROSA

New Orange Butterfly Plant ASCLEPIAS TUBEROSA

THE ONLY HARDY PLANT HAVING TRUE ORANGE FLOWERS

This attractive plant produces an immense number of flowers during the months of July and August. Brilliant orange. It can be successfully grown in any type soil in any locality. Withstands the most severe winters and the hottest summers, producing flowers year after year with no attention. Order early, as we have a limited supply. Strong blooming size plants specially priced to introduce at only 35c each, 3 for \$1.00, postpaid.

ARTEMISIA

Silver King. A striking, effective white-leaved contrast plant. A beautiful "mist" for setting off bouquets and floral combinations. Silver King is a vigorous quick-growing plant with a close network of branches, fine-stemmed and slender-leaved.

20c Each, 3 for 50c Postpaid

ARTEMISIA

LAFAYETTE

Beautiful glowing orange-red. Flowers are semi-double and are borne in great profusion. Bush grows in a half-sphere shape, and when plant is in full bloom it suggests a low flaming mound. One of the best for border work.

35c each; 3 for \$1.00, postpaid

KIRSTEM PAULSEN

Grows slightly taller than the other varieties. Excellent for the center when used for bed plantings. Flowers single of a deep clear pinkish salmon slightly lighter in shade at the center. Is very free blooming.

Postpaid,
35c ea.,
3 for
\$1

FOR ALL SUMMER BEAUTY

No flower gives the showy, brilliant bloom provided by Baby Rambler Roses. These little gems are invaluable for borders or for mass planting. They are perfectly hardy and last for years with a minimum of attention. Start blooming in June and continue until cold, freezing weather.

At our low prices, do not neglect to include a few in your plans for this Autumn. All field grown 2-yr.

LAFAYETTE

KIRSTEM
PAULSEN

EDITH CAVELL

GLORIA MUNDI

EDITH
CAVELL

GLORIA MUNDI

The ever-popular variety of a rich golden salmon color. Each flower is so double and brilliant that it resembles a flashing jewel. Low growing and exceptionally prolific in blooming habit. We heartily endorse this variety as one of the best plants you can use for either borders or for beds.

35c each, 3 for \$1, postpaid

One of the best. Beautiful double flowers of a rich velvety color, borne in masses on a low growing bush. A striking border effect can be secured by using Edith Cavell, Gloria Mundi, and Kirstem Paulsen planted alternately.

35c each, 3 for \$1, postpaid

Old Favorite Garden Perennials

9

SPECIAL 'OLD FAVORITE' COLLECTION

The plants our grandmothers used to grow in their gardens. We have grouped eight of the favorite perennials of all time into this collection, and are calling it "The Old Favorite Collection." Includes one each of the eight plants pictured—heavy 2-yr. field grown. A **\$1.49** Postpaid Or 2 collections (16 plants) at only **\$2.50** Postpaid Real Krider Value, Only

HARDY ASTER

HARDY ASTERS Michaelmas Daisies

These are among the showiest of our late flowering hardy plants, giving a wealth of bloom during September and October. Very showy in garden plantings, also used extensively for decorative purposes. The three varieties below are the best, in our estimation.

25c ea., 3 for 60c, Postpaid

AMELLUS ELEGANS—Grows from 12 to 15 inches high and produces large showy flowers of a rich bluish violet during July and August. Its free flowering habit and compact growth make it a most desirable subject for the front of the border.

CLIMAX—One of the best and showiest with large pyramidal spikes of large light lavender blue flowers. Very free. 5 feet.

MRS. RAYNOR—An exceedingly free flowering variety of a brilliant deep color. It stays in bloom a long time and is a very desirable addition to any garden.

DELPHINIUM

HYBRID DELPHINIUMS

Genuine New English Hybrids. These are not the ordinary Delphiniums. The flower spikes are extremely large and attain a height of 4 to 5 feet. Many are double and semi-double.

Words cannot describe the beauty of the colors found in this elegant strain. Two-year plants.

25c each, 3 for 60c,
12 for \$2.00

VARIEGATED YUCCA

Long needle-pointed leaves of striking colors. Rich ivory and brilliant green blends to make this plant indispensable to your garden

25c each, 3 for 70c

LARGE HEAVY 2-YEAR FIELD GROWN, PLANTS

LILY OF THE VALLEY

The old favorite of our mothers' and grandmothers' gardens. Thrives in any location and their beautiful pure white, fragrant flowers are a joy to all who grow them. Plant Lilies of the Valley in those neglected corners around your home, and you will be repaid many times their cost.

20c each—3 for 50c—6 for 90c—
\$1.60 a Dozen.

LILY OF THE VALLEY

BLAZING STAR

BLAZING STAR (Gay Feather)

Blooms in mid-summer and throws up long narrow spikes of rich purple flowers, which last a long time.

20c each, 3 for 50c

GYPSOPHILA (Baby's Breath)

A beautiful old-fashioned plant possessing a grace not found in any other perennial.

20c each; 3 for 50c

GYPSOPHILA (Bristol Fairy)

A grafted variety that produces immense clouds of bloom. Flowers are larger than those of Gypsophila paniculata, and plant is freer blooming over a long period.

25c each, 3 for 70c
6 for \$1.25

PYRETHRUM

PYRETHRUM (Painted Daisy)

Beautiful daisy-like flowers in a wide range of color shadings. Blossoms are borne on long stems, making them ideal for cutting. Fine fern-like foliage. Heavy two-year plants.

20c each, 3 for 50c,
6 for 90c, \$1.60 doz.

PLANTS For Krider's The ROCKERY

DRESS UP YOUR ROCKERY

DIANTHUS plumaris (Clove Pinks). For border or rock garden. It will bloom continuously if flowers are cut off when they begin to fade.

IBERIS (Hardy Candytuft). Most desirable dwarf plants, 8 to 10 inches, with evergreen foliage completely hidden with dense heads of white flowers in early spring.

PRIMULA VERIS. Fine low-growing hardy primrose in mixed colors, yellow, red and pink.

PHLOX Sublata (Moss or Mountain Pink). An early spring flowering type with pretty moss-like evergreen foliage.

ALYSSUM, 8 to 12 inches, July to September. Bright yellow flowers. Excellent for rockeries.

VIOLAS. Hardy. Yellow and blue.

SAPONARIA (Soapwort). Pretty prostrate border and rockery plant; flowers rosy pink, produced in great quantities in May and early June.

IRIS PUMILA. These beautiful little Irises do not grow over 4 inches high, and bloom in April and May. They are fine for bordering flower beds or planting in front of tall Irises.

15c ea., 3 for 40c, 12 for \$1.50 postpaid

Krider Rockery at Century of Progress, 1934

KRIDER'S PLANTS ARE AN INEXPENSIVE MEDIUM

ANEMONE Pulsatilla (Pasque Flower). Grows from 9 to 12 inches high and produces violet or purple flowers during April and May.

ARABIS Alpina (Rock Cross). Pure white flowers produced in dense masses. Splendid for rockery work.

CAMPANULA CARPATICA. Dainty blue variety that fits well into the rock garden.

SEDUM (Stonecrop). Dwarf varieties. America's finest rock plant. Suitable for the rock garden, carpet bedding, covering of graves, etc.

GLAUCUM. 1 to 3 inches. Its color is bright blue-grey.

STRIPED ORNAMENTAL GRASS. Is ideal for rockery and pool.

STATICE (Great Sea Lavender). An ornamental plant, splendid for the rockery. Tiny leaves, with great heads of purplish blue, fine for cutting.

JAPANESE SPURGE. A trailing plant 6 to 8 inches high, forming broad mats of bright glossy green foliage. A ground cover which will grow in all shady locations.

15c each, 3 for 40c, \$1.50 per
Dozen, Postpaid

Nine Items To Brighten Your Grounds

SILVER LACE VINE

Polygonum Auberti. Always scarce and in demand is this charming climber which will clamber gracefully over a trellis, porch or arch, or upon any support which may be devised. It grows rapidly, averaging 25 ft. in a season. A well grown specimen is a cloud of lacy, misty, white with tints of cream and pale rose and most exquisite effect.

Only 50c Each; 3 for \$1.35 Postpaid

FRENCH LILACS

New large, very fragrant. The newest varieties, in three colors. Red, white and blue. 2 year blooming size plants. (50c each three for \$1.10, 6 for \$2.00.)

KOSTER'S BLUE SPRUCE

(The "True-Blue" Evergreen.) A selected species of the Colorado

Blue Spruce with grafted top. Color is a deeper and even more perfect blue than that of the Shiner, foliage heavier and a trifle longer. As it grows to maturity the tree becomes thickly studded with well formed branches, tapering beautifully to the top, and magnificent in its rich blue color.

Mailing Size \$1.00; 15 to 18 in., \$3.50 2 to 3 ft., \$5.00

BITTERSWEET

AMERICAN (*Celastrus Scandens*). A native climber with handsome foliage and large clusters of beautiful orange crimson fruits which it retains all winter. Bright and charming for winter house decorations.

50c Each; 3 for \$1.00 Postpaid

NEW GOLDEN SPIREA

Beautiful leaves appear bright yellow changing to bronze in fall. Contrasting red fruit is very pleasing. Vigorous upright grower. 2-yr., 2-3 ft., 50c each.

BEAUTIFUL HYDRANGEAS

PANICULATA GRANDIFLORA. Flowers in August in huge panicles from 8 to 12 inches long. Blossoms first a delicate pink changing to bronze and lasting until autumn. 18 to 24 in., 35c; 3 for \$1.00.

ARBORESCENS GRANDIFLORA (Snowball Hydrangea). White flowers in June and July. The most hardy of the Hydrangeas and especially useful for shady places. 18 to 24 in., 35c; 3 for \$1.00.

BLOOD RED JAPANESE MAPLE

Rounded, dwarf trees seldom maturing to over 10 feet, densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early and midsummer aspect is vivid blood-red, which dulls to bronzy, purple red towards fall. These are splendid foreground subjects in mixed groups or for solitary color blotches in the open lawn. This dwarf tree was much admired in our Century of Progress garden.

Price, 6 to 12 in., \$1.00; 12 to 18 in., \$2.00; 18 to 24 in., \$3.00.

DAPHNE CNEORUM

Thousands paused to admire the Daphne blooming in our model rockery at the World's Fair in September and October. It is a very dwarf shrub, almost evergreen. Soft pink flowers appear profusely during April and May, and at intervals throughout the summer; very small and dainty in terminal clusters, with a distinct and very pleasing sweet fragrance.

6 to 8 in., B. & B., 8-year-old, Only 75c

BLUE BIRD VERONICA

This beautiful plant has long bronze green leaves and numerous indigo-blue flowers. Blooms continuously July to September. Be sure to include this in your garden. 2-year plants.

50c Each; 3 for \$1.00 Postpaid

HARDY MUMS!
WILL BLOOM IN SEPTEMBER
ALICE HOWELL—A compact flower, with petals effectively colored with yellow and orange tips. It is a fine bloomer and rather early.
BABY DOLL—This is a pom pom type, very compact flower, blooms early with a rich coppery bronze color.
FIRELIGHT—A fine large, deep mahogany red variety which blooms early and stands the severe northern winters.
WHITE DOLL—Tall and free, close-gulled florets packed into imposing tufts on the leader. Milk white, somewhat creamy at center. Flowers very big.
EARLY BLOOMING MUM COLL.

A Krider Fall Special!

LATE INTRODUCTIONS OF SUPERIOR CHARM AND COLOR

PLATYCODON (Balloon Flower)—June to October. Large, showy, deep blue flowers. Good for rock garden and border.
YUCCA (Adam's Needle)—Among hardy plants there is nothing more effective and striking. Also indispensable for the rockery.
GAILLARDIA (Grandiflora)—Probably one of the most universally planted of the hardy perennial flowers. Conspicuous for its profusion of bloom. Flowers of intense blood-crimson margined with golden yellow. 24 in.
DELPHINIUM (Larkspur)—Delphiniums are the most beautiful hardy plants in cultivation. They increase in size, and often in quantity, year after year and bloom from spring until fall. We have dark blue and light blue.

DELPHINIUMS

All Of These Perennials Are
Field-Grown 2-Year Plants
20c Each; 3 for 55c
\$1.60 Per Dozen

CANTERBURY BELLS—Large open, bell-shaped flowers in a variety of colors.
DIGITALIS (Foxglove)—For stately and picturesque beauty it is not to be surpassed, and planted in masses in the garden among shrubs, it is extremely effective and satisfactory. It is a biennial, but, as it renews itself from self-sown seed, it may be treated as a perennial.
AQUILEGIA (Columbine)—As a cut flower the Long Spurred Aquilegias are the dainties of our outdoor grown flowers.
DOUBLE HOLLYHOCKS—The Hollyhock is an old garden favorite, full of sentiment and association with the distant past. It is a plant of strong, vigorous growth and noble aspect.

SELECTED PERENNIALS FOR YOUR GARDEN

ASTILBE GLORIA

A bulbous, hardy Spirea of striking punctuating character. It makes a short spreading plant with attractive foliage and rosy pink spikes of flowers, during June and July

throwing up long, plummy wands of bloom. These flower spikes complete an average height of 2 to 3 feet, and because of the bulk, feathery character and brilliant color expression are extremely showy during their season of about three weeks.
